Konica Minolta Planetarium MANTEN

Giving Shape to Ideas

The Konica Minolta Planetarium

This facility is directly managed by Konica Minolta Planetarium Co., Inc., a manufacturer of planetarium equipment. Stop by after work to enjoy a star-filled sky, choose the spot for a romantic date, come to heal your tired soul or for a refreshing change of pace. No matter what your aim, you'll be amazed to feel yourself immersed in stars and other cosmic images. Here you'll find a planetarium experience available only with Konica Minolta Planetarium state-of-the-art technology.

"Somewhere...far from here"

Lawn Seats

Fully reclining large Lawn Seats installed right in front of the dome have an airweave structure that provides an excellent support for the body. These seats are premium not only in appearance but also in technology, and are available only for three pairs of guests. Lie down "somewhere far from here" and feel at ease while enjoying a memorable moment.

Look up at the starry sky while lying on a cloud

Cloud Seats

Pure white and fluffy Cloud Seats are a dream come true for anyone wishing to look up at the starry sky while lying on a cloud. These special seats are available only for five pairs of guests. Enjoy your own precious moment — one you can only experience at Manten.

GALLERY PLANETARIA

"A secret shop that may be somewhere in the galaxy" is the concept. You'll find souvenirs from outer space available nowhere else: Milky Way Fragrance tea, meteorite candles, nail color filled with sparkly stardust, and more.

| Opening hours |

Weekdays 11:30 to 21:00

Weekends and public holidays 11:30 to 22:00

*Opening hours are subject to change.

*Open to everyone, including non-ticketed shoppers.

Infused with a relaxing scent A Healing Planetarium

Enjoy the fine blending of a starry sky with an original aroma specially matched to the theme of the program. Come, take a break from your busy day and enjoy savoring some healing time. Experience a unique soul-satisfying moment with stars, aroma and healing music.

In search of a naturally beautiful starry sky

Infinium Σ is a state-of-the-art optical projector installed in Manten that displays a reproduction of the pitch-black sky contrasted with myriad twinkling stars.
